## Company description

SecureLink is een vooraanstaande integrator, gespecialiseerd in netwerken, security en datacenter infrastructure oplossingen. Het bedrijf werd in 2003 opgericht door Bert Van Loco, Frank Staut en Hans Van Erum en wordt vandaag geleid door Jo Vander Schueren. SecureLink's missie is om klanten de 'best of breed' Infrastructure & Security oplossingen aan te bieden en dit in goede banen te leiden van de design fase tot de implementatie en support. SecureLinks know-how, de passie en de expertise resulteren in tevreden klanten, aanhoudende groei en erkenning van de meest vooraanstaande vendors in de markt.

SecureLinks portfolio bestaat uit de meest vooraanstaande merken: Aruba Networks, Avaya, Blue Coat, Cisco (Ironport), Elastica, Exinda, F5, Infoblox, Juniper Networks, NimbleStorage, Nutanix, Okta, Palo Alto Networks, RSA, Trend Micro, Vasco, Veeam en VMware.

### About SecureLink

SecureLink is a leading integrator, specialising in networking, security, storage, server and virtualisation solutions. The company was founded in 2003 by Bert Van Loco, Frank Staut and Hans Van Erum. SecureLink's mission is to offer its clients best-of-breed Infrastructure & Security solutions and to guide those solutions to a successful conclusion, from the design phase, right through to implementation and support. SecureLink's know-how, passion and expertise result in satisfied clients, sustained growth and recognition from the leading vendors in the marketplace.

SecureLink's portfolio includes a number of iconic brands: Avaya, Blue Coat, Cisco (Ironport), F5, Hitachi Data Systems, Imprivata, Infoblox, Juniper Networks, NimbleStorage, Nutanix, Palo Alto Networks, Q1 Labs, RSA, SecurActive, Trend Micro, Vasco and VMware.
